**MINUTES OF THE SECTORAL MEETING OF NAC 1A (MINERAL PRODUCTS)
CHAIRD BY THE CHIEF COMMISSIONER OF CUSTOMS, BENGALURU
ZONE & CONVENOR NAC 1A, HELD ON 15.09.2026 (05:00 PM) THROUGH
VIRTUAL MODE**

The Commissioner of Customs, Mangaluru, extended a warm welcome to all the participants and informed that no Agenda Points had been received from any stakeholder for the current Meeting. He requested the Chief Commissioner of Customs, Bengaluru Zone, and Convener of NAC 1A to give his opening remarks.

2. The Convener welcomed the participants and directed that the discussion may commence with the progress made regarding the CRCL module.

Agenda Point 1: Compliance by Commissioner, Mangaluru Customs on Tracking System for CRCL Reports

3. The Joint Commissioner, Mangaluru Customs, informed that since the proposed module is a third-party application requiring integration with ICEGATE, there are concerns regarding data security, system integration, and implementation modalities, which require the matter to be taken up with the DG Systems/NIC.

4. The Commissioner, Mangaluru Customs, suggested that the tracking mechanism may preferably be developed and implemented at the national level by incorporating the same into the ICES/ICEGATE systems. It was observed that this approach would facilitate uniform implementation and address concerns related to data security and privacy.

5. The Convener observed that the status quo continues, primarily on account of the procedural, administrative and data-security related impediments indicated by Mangaluru Customs. The Convener further observed that these impediments warrant examination at the Board level to implement a uniform mechanism across Customs formations, ensuring both adequate data security and access to relevant information for trade. Accordingly, it was directed that the matter be referred to the Board for consideration at the national level.

(Action: Commissioner, Mangaluru Customs)

Agenda Point 2: Discussion on continued misapplication of IS 18722 (Part 1) Standard to Base Oils intended to be used for non-lubricant applications by CRCL, Mumbai (Carried forward from the previous Sectoral Meeting)

6. The Convener enquired about the response from the trade regarding the parameters discussed in the previous meeting in relation to BIS certification. The Commissioner Mangaluru Customs, informed that no further communication or response had been received from the trade in this regard.

7. The Convener observed that the requisite parameters from the trade are still awaited and that, upon receipt of the same, the matter would be examined and the further course of action would be considered.

Agenda Point 3: Disparity in the CRCL report uploading mechanism

8. The Convener recalled that the issue regarding disparity in the mechanism followed by different CRCL formations for uploading/furnishing CRCL test reports had already been discussed in the NAC Conveners' Conference. It was informed that a reference would be made to the Board to consider a uniform mechanism in this regard.

9. The Convener enquired whether any new Agenda Point or any issue arising from the PTFC/Sectoral Meeting of Mangaluru Customs was required to be brought before the Sectoral Meeting. The Commissioner, Mangaluru Customs, informed that no new issue or Agenda Point had been received.

10. The Convener thereafter enquired from the Nodal Commissioners whether any issue raised by the trade associations in their respective PTFCs or Sectoral Meetings relating to NAC-1A required consideration in the present meeting. The Nodal Commissionerates intimated that no such issue had been raised which was relevant for consideration in the present Sectoral Meeting.

Any other point with the permission of the Chair:

11. As no further Agenda Point or issue was raised for discussion, the Convener thanked all the participants for their participation and concluded the Sectoral Meeting.

This is issued with the approval of the Convener, NAC-1A.
